PRESS RELEASE

Norfolk Boat Sales have just announced that they have become the East Coast dealer for Sealine Boats.

Director Matthew Thwaites said "We are delighted with the agency, Sealine Boats offer an excellent range of motor cruisers which will fit in well with our business plans. This is a well established, modern and luxurious brand which we are sure will be well received by our existing client base and new customers alike.

We have made a significant investment into the brand and our new stock boat, a Sealine C330 will arrive with us in the Spring of next year. In the meantime, we have around £350,000.00 invested in pre-owned Sealine boats which we are able to sell with warranty to give buyers peace of mind.

This has been a very busy year for us so far, with boat sales in excess of 3,000,000.00 and we are on target to exceed last years sales."

30 Tonne Travel Hoist

We are able to offer 'lift out' facilities at our marina in Brundall. Our hoist can lift boats up to 30 tonnes in weight including yachts without having to lower their masts.

If you need to have any 'out of the water' work, please contact us for a quotation.

Winterising

We have just had our first really sharp frost of the season, have you remembered to make provision to protect your boat from frost damage?

If you are planning on leaving electric heaters onboard for protection you do need to regularly check your boat as the rising water levels can sometimes trip out the shore power leaving your boat unprotected.

If you would like to book your boat in for drain down winterising, please contact Matthew or Philip on our service team on 01603 782625

Moorings

We have moorings available at both our [Wroxham and Brundall marinas](#), with prices from £2040 per year including VAT. Check out [website](#) for more details on facilities & services.
